Structural Design Engineer with 2+ years' experience

SD Engineers is seeking a creative, enthusiastic, and personable Structural Engineer with at least two years of experience to join our dynamic team within our central London location.

To apply, please complete the application form and send through your CV and cover letter setting out how your skills and experience match our needs.

About SD Engineers

We are a Structural Award-winning practice of imaginative engineers, collaborating with some of the country's most ambitious architects and clients, emerging and established, to deliver the highest quality buildings and infrastructure projects.

As creative problem solvers, we help clients realise their designs by truly understanding the narrative and intent behind each project. Our experience as structural and civil engineers allows us to work at all scales and across all typologies, acting as a proactive and reliable partner throughout the design and build process.

We are committed to delivering efficient, low carbon designs and will actively suggest ways to reduce impact on the environment and undertake carbon counting exercises to justify our approach.

Overview of Role

Design Engineers offer reliable design support on projects, with support and input required at key points during the design. They have developed their engineering experience through project work and have a solid basis of technical understanding in a number of key areas. They have an understanding of how the business functions and support project directors as necessary. Importantly, Design Engineers have a solid grasp of their strengths and limitations and have experience seeking support at the appropriate times.

Main Duties and Responsibilities

- Prepare simple/familiar calculations, drawings, and reports reliably, consistently, and accurately with little supervision or direction.
- Liaise directly with external consultants on coordination matters on projects within your level of expertise (generally small-scale projects)
- Attend site visits within the level of experience with more senior engineers if required.
- Collaborate effectively with the BIM team.

Salary

£35,000-39,000, depending on experience

Direct applicants only. The joining bonus is subject to passing probation.

We are conscientious people and place great emphasis on social value. Our aim is to provide a diverse, healthy, motivated, inclusive, and enjoyable workplace. We are an equal opportunities employer and encourage applications from underrepresented groups within the built environment industry.

SD Team Benefits

- Excellent career development opportunities with weekly in-house CPD sessions, monthly training time, and support to gain IStructE or ICE chartered status.
- Technology and Cycle to Work salary sacrifice scheme.
- Pension contribution of up to 6%.
- Generous profit share bonus scheme, up to 15% annually.
- 26 days annual leave, with additional leave awarded on an employee's 5th and 10th anniversaries. Purchase up to five additional days of annual leave per year.
- Flexible working arrangements split between the office and home, with up to two days per week based from home for full-time staff, with flexible start and finish times also an option.
- Extended remote working to work from anywhere in the world for up to two weeks per year.
- Enhanced sickness leave.
- Enhanced Paternity Pay of full pay for two weeks.
- Enhanced Maternity Pay of full pay for six weeks, followed by 25 weeks at 50% full salary.
- Enhanced Adoption Pay of full pay for six weeks, followed by 25 weeks at 50% full salary.
- Sabbatical Leave – unpaid leave for up to 12 weeks without any change to position or contract upon return.
- Regular social activities, including Annual Summer Day, Christmas Lunch, monthly pub social, monthly alcohol-free social, and weekly wellness sessions.
- Employee Assistance Programme offering resources for wellbeing and access to trained therapists.
